City of LA: Homelessness Reduction and Prevention, Housing and Facilities Bond

The Los Angeles City Council recently voted to place a measure on the November 2016 ballot to create a new revenue stream to address the homeless crisis. At least 2/3 of voters will need to approve this initiative which is a general obligation bond that would create up to \$1.2 billion. The bond proceeds can be used for the construction and purchase of land for permanent supportive housing, temporary shelter, storage facilities and affordable housing. The bond will be issued over ten years and secured with an increase in property taxes. The average tax rate will be \$9.84 per \$100,000 in property valuation and it will be levied from 2019-2046. Join us to learn more about the administration and oversight of this initiative.
